MEMORANDUM FOR SURGEON GENERAL OF THE ARMY  
SURGEON GENERAL OF THE NAVY  
SURGEON GENERAL OF THE AIR FORCE

SUBJECT: Policy Memorandum – Data Quality Management Control Program, Revised  
Reporting Document

This memorandum revises Attachment 2 (Data Quality Statement) to ASD(HA) Memorandum dated November 29, 2000 (attached). This important document is the Military Treatment Facility Report Format submitted to you monthly.

The Data Quality Management Control Workgroup, which includes both Service and TMA representation, has recommended changes to the Data Quality Statement to enhance its' usefulness as a reporting tool. These changes are based on the results of three reporting periods since implementation of the program. This revised Data Quality Statement should be used starting with the May 2001 report or earlier.

Thank you very much for your Service's cooperation in making the Data Quality Management Control Program a success.

  
H. James T. Sears, M.D.  
Executive Director
